

Mohd Saifuddin

B.Tech in Electronics Engineering (2026)

Email: msaif.lkn@gmail.com • Phone: +91-9451435135

Education

- **B.Tech in Electronics Engineering**

Rajiv Gandhi Institute of Petroleum Technology (RGPT), Jais, Amethi, UP
Expected Graduation: 2026

- **Class 12 (2021)** – Montfort Inter College, Mahanagar, Lucknow

Score: 81%

- **Class 10 (2019)** – Career Convent College, Vikas Nagar, Lucknow

Score: 81%

Skills

- **Programming:** Python, NumPy, Pandas, Matplotlib, SQL
- **Machine/Deep Learning:** TensorFlow, PyTorch
- **Analytics/Reporting:** Microsoft Excel, Power BI
- **Languages:** Fluent in English
- **Other:** Prompt Writing

Projects

SAR-to-Optical Image Translation (S-CycleGAN)

- Supervised Cycle-Consistent Adversarial Network to translate SAR → optical imagery
- Combined CycleGAN + Pix2Pix for structural detail preservation
- Outperformed baselines on PSNR, SSIM & FSIM_c

AI-Voice Cloning

- Generic TTS: Uses a pre-trained VITS/Tacotron model for converting text to speech
- Voice Cloning: Extracts speaker embeddings using a GE2E encoder and adapts the TTS synthesis to mimic the target voice
- Interfaces: Gradio-based web GUI and a command-line interface
- Modular Design: Core, interface, and model layers separation
- Audio preprocessing, normalization, resampling

Web Scraping + Small Language Model (SLM) 🔒

- Scrape data from myscheme.gov.in using Selenium/Requests
- Chunk & embed text with Sentence Transformers
- FAISS-based vector search and retrieval
- Flan-T5 used in a RAG setup to generate answers

Credit Card Fraud Detection

- SVM model on imbalanced dataset (284k transactions; 492 fraud cases)
- Preprocessing: scaling, outlier detection, class balancing
- Achieved 95.94% accuracy

Sleep Analysis Using Deep Learning

- Automated sleep stage classification using EEG and EOG signals
- Dual-input model: CNN + transformer encoders
- Class-balanced resampling & cross-modal fusion
- 82.1% accuracy, 0.79 F1-score
- Preprocessing: 30-sec epochs, normalization, hypnogram alignment

Positions of Responsibility

- IEEE Technical Branch Head
- Teaching Volunteer, Gyanarpan Project (Amethi)
- Science & Technical Council Member
